Room by room. Progress in view.

PROJECT PHOTO STORY | ORIGINAL PHOTOS

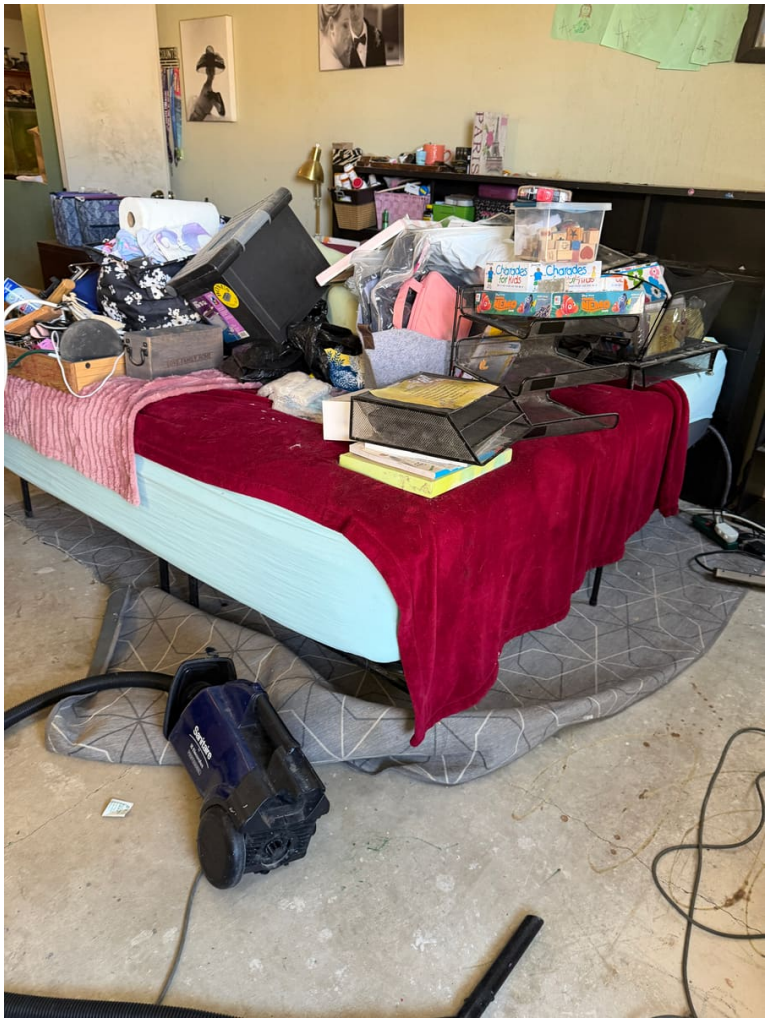

A clearer view of the work.

A curated record of bathroom cleaning, bedroom clearing, closet access, and the hallway.

The bathroom includes a matching toilet comparison. Other chapters show conditions and work in progress; they do not claim a fully completed house.

Photos retain the actual stains, floor marks, belongings, and equipment visible at each stage. Camera angles vary. Only file size and display orientation have been adjusted.

Bathroom / Bedroom / Closet / Hallway

Bathroom | Toilet cleaning

BEFORE & AFTER

Before cleaning

After cleaning

The same toilet with buildup reduced on the rim, hinge area, and bowl. Discoloration remains in the lower bowl.

Bathroom | Work in progress

CLEANING STAGE | NOT A FINISHED-ROOM COMPARISON

Vanity during cleaning

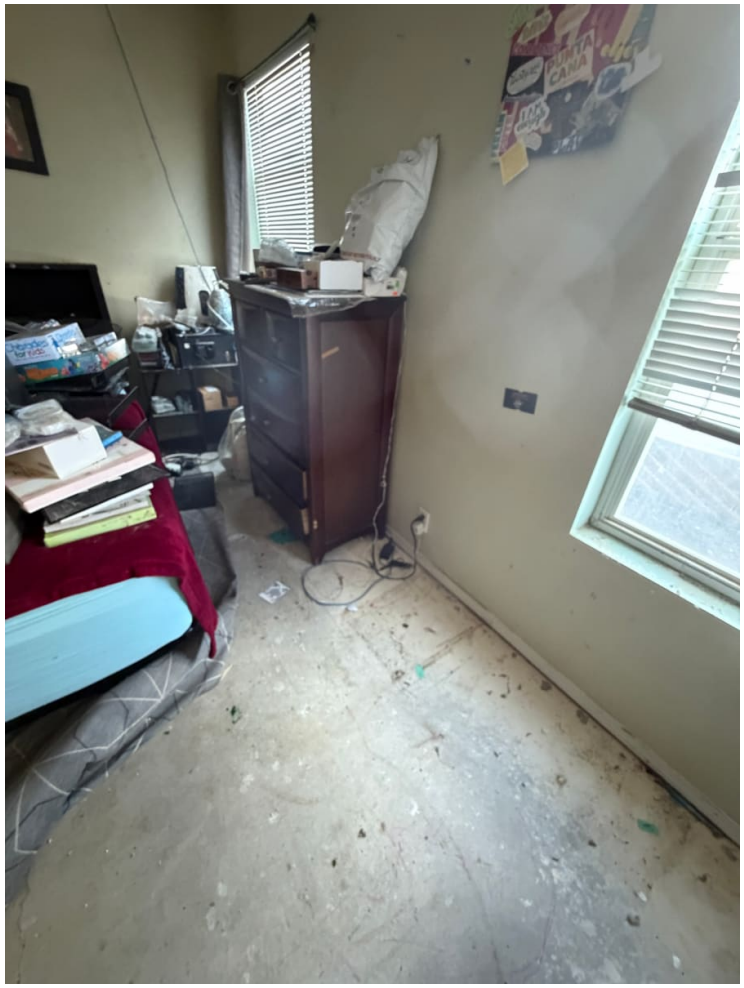

Tub and floor during cleaning

These views document bathroom conditions during the job. Floor marks, residue, and equipment remain visible.

Bedroom | Window-side clearing

EARLIER & LATER | WORK IN PROGRESS

Earlier: cabinet beside the window

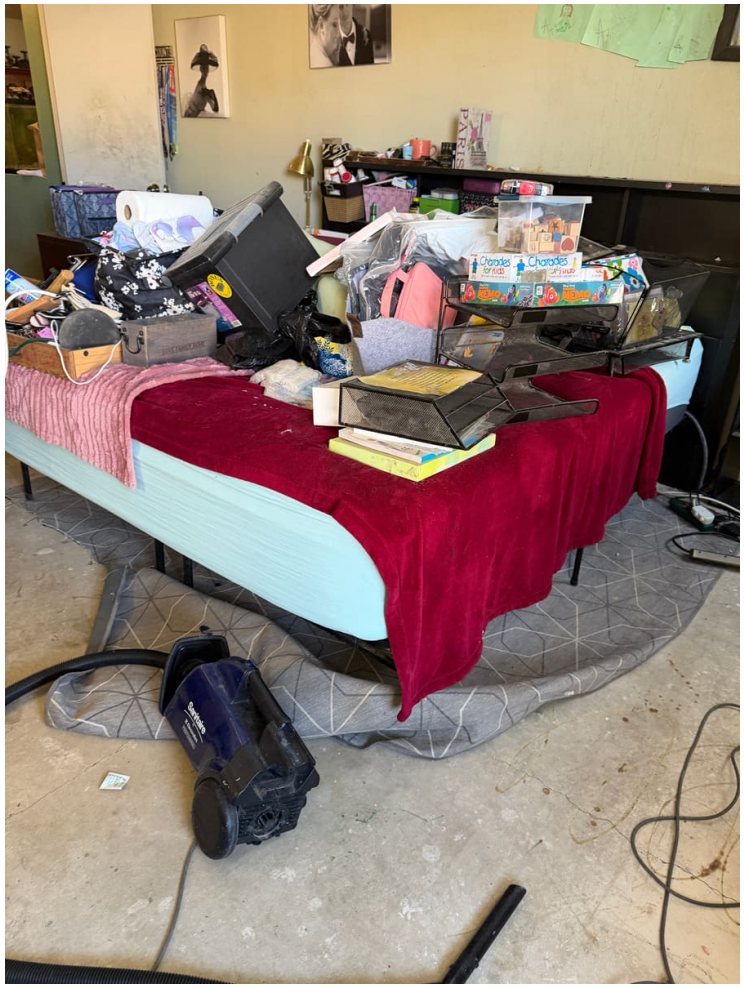

Later: cabinet removed from this area

Matching window-side views show more exposed floor. Cords, floor marks, and other work remain.

Bedroom | Sorting and cleanup

WORK IN PROGRESS

Belongings staged on the bed

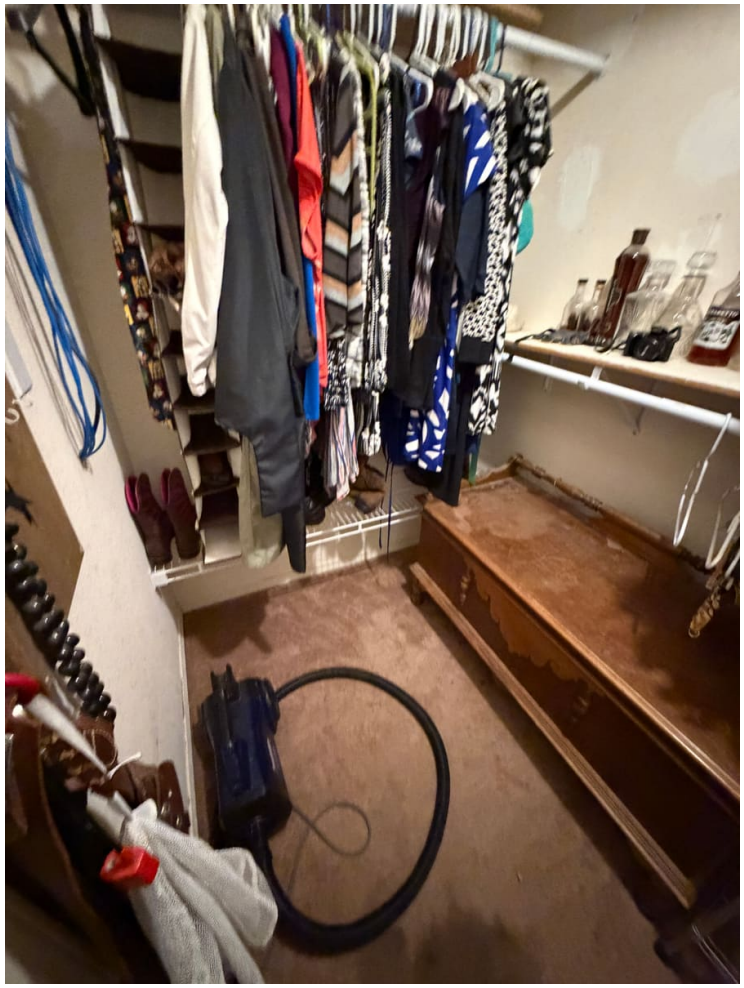

Loose debris gathered during cleanup

These are different views of the bedroom work. They are not a finished before-and-after pair.

Closet | Access and storage

CONDITION VIEWS | NO MATCHED FINISHED PAIR

Hanging storage and chest

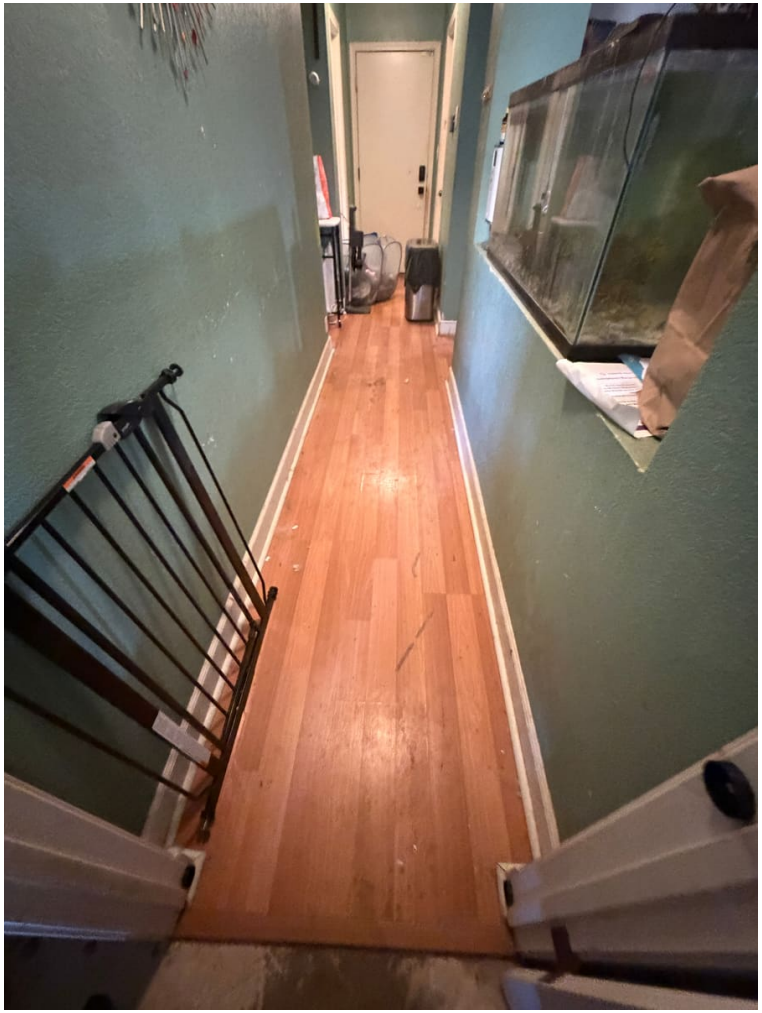

Shelving and closet floor

Two views of the same closet area. Clothing, storage furniture, and some belongings remain.

Hallway | Access route

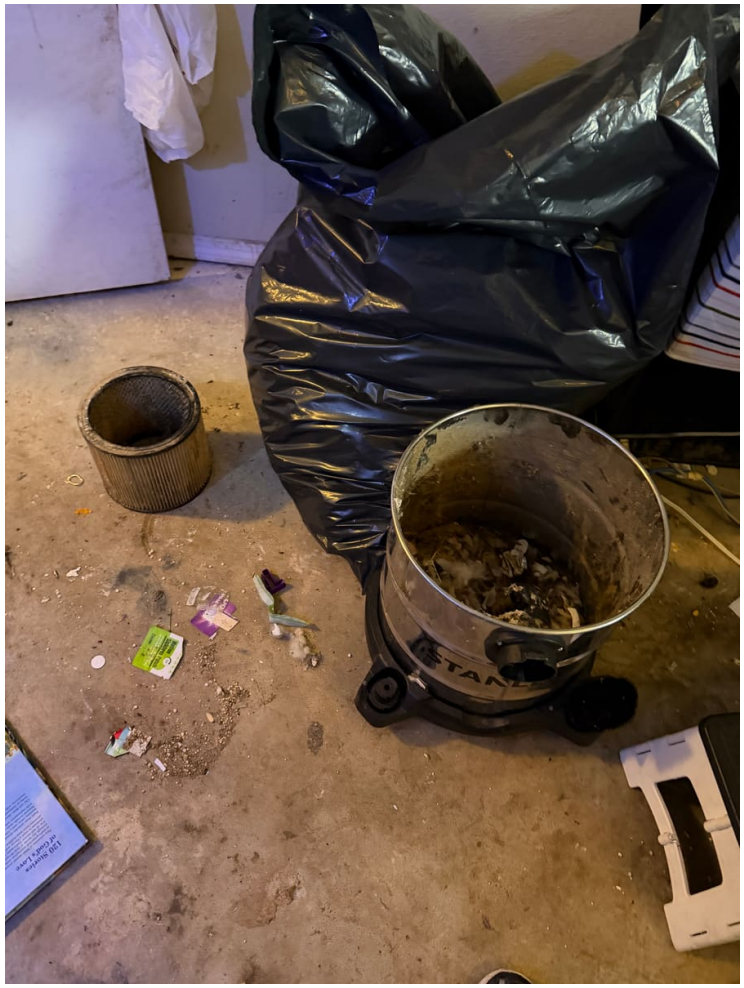

CONDITION VIEW | NO MATCHED FINISHED PAIR

An open hallway view between rooms. Existing marks and items at the far end remain visible; this image does not establish final completion.

Behind the work | Debris collection

CLEANUP PROCESS

Bagging and vacuuming during the job

Collected dust on the vacuum filter

Process views show the cleanup effort. This photo story documents the supplied stages without claiming unseen results.
